Qualifications: MHSc(HerbMed) BAppSc(BiomedSci) AdvDipNat DBM DRM mNHAA

I am a masters qualified herbalist and naturopath with over 20 years' experience. Prior to training in complementary medicine I was a biomedical scientist, so I comfortably combine the evidence based and traditional approaches in my herbal and naturopathic medicine treatments. I have been an educator for over 10 years and currently lecture in herbal medicine and naturopathic subjects at the Australasian College of Natural Therapies and Nature Care College. As an NHAHA approved supervisor, I offer a mentoring and supervision service for newly graduated practitioners. I have a long-standing connection to the NHAHA, becoming a student member during my studies and then a full member after graduating and have enthusiastically attended the NHAHA conferences and other events over the years. If elected, my years of experience as a practitioner and particularly as an educator will form the basis of my contribution to the NHAHA board as well as my people skills, enthusiasm, commitment and dedication to the profession.
